HUNDREDS PAY LAST TRIBUTE TO MEMORY OF LATE SHERIFF

Sorrowing Friends Fill Odd Fellows' Hall at the Funeral of the Late Heber W. Lampkin, Sheriff of San Mateo County

The Late H. W. Lampkin

After fighting for fifteen days for his life, Sheriff H. W. Lampkin passed away at the Palo Alto hospital. The sheriff was taken to the hospital on the evening of December 22, suffering from injuries sustained in an accident in which an automobile which he was driving at a high rate of speed struck a telephone pole on the south side of the bridge upon which the Middlefield road crosses San Francisquito creek. Upon investigation, it appeared that the injuries he had received were so sever that no hope was given for his recovery, and the fact that he lived as long as he did was a surprise to all his friends.

Heber W. Lampkin was born in San Jose, and there he attended school and learned the trade of a baker. It was in following this trade that he went east to Kansas City, where he married, and later returned to California. The Lampkins then made their home in Redwood City.

Mr. Lampkin took up the trade of a carpenter and worked at that line until 1910, when he was elected justice of the peace of this township, a position he held until 1914. In the latter year Lampkin was appointed under sheriff under Sheriff Michael Sheehan, and he held that position for eight years.

Last year Lampkin announced his candidacy for the office of sheriff, and after one of the most strenuous campaigns and closest elections in the history of the county, he was elected.

The late sheriff is survived by his wife, Mrs. Harriett I. Lampkin, one daughter, Miss Nyda Lampkin and two sons, Douglas and Arthur Lampkin. His aged parents, Mr. and Mrs. Henry S. Lampkin of Oakland, also survive him, as does a sister, Mrs. Bertha McDonald.

The funeral, which took place Wednesday, was the largest ever held in Redwood City. Starting at the parlors of the James Crowe Company on Webster street, the procession wended its way past the fire house, which was draped in mourning, to the Odd Fellows hall, where the services were performed. The impressive rites of the Odd Fellows' burial service were conducted by the officers of the local lodge. A. E. Monteith, principal of the local grammar school and trustee of Redwood City, spoke feelingly of the life of the deceased and of his devotion to duty. A solo, "The Homeland," was sung by Otis M. Carrington, and a prayer was offered by Rev. Harry Owen of the local Methodist church. The hall and stairway of the Odd Fellows' hall was packed with sorrowing friends of the deceased.

Following the services at the hall, the funeral train proceeded out Broadway to the county road and then to Cypress Lawn cemetery, proceeded by a squad of traffic officers of San Mateo, San Francisco and Santa Clara counties.

The active pall bearers were E. L. Werder, Dr. C. V. Thompson, Henry A. Beeger, Richard Svihus, T. C. McGovern, and P. J. Larrecou.

The honorary pall bearers were Hon. Judge George H. Buck, Franklin K. Swart, John MacBain, Albert Mansfield, Joseph Meeks, Judge Ellis C. Johnson, Walter T. Kellogg, Marin Poss, H. H. Smith, Alvin S. Hatch and W. H. Pearson.

FIGHT FOR PROPERTY OF LATE MRS. CARMEL FALLON OPENS IN SAN FRANCISCO

Suit to set aside deeds to property estimated to be worth more than a half million dollars waas begun in the Superior Court in San Francisco this week against Mrs. Annie Malone by other heirs of Mrs. Carmel Fallon, pioneer woman and former extensive property owner of San Carlos, who died on December 5 last.

The suit has been brought by Fred A. Fallon, a son; Belle J. Brittan and Carmelita Kendall, granddaughters, and Wesley B. and Herbert E. Hewson, Greatgrandsons. They are represented by Attorneys Sullivan, Sullivan & Roach, Charles J. Hanlon and Reisner & Deming.

It is charged by the son and other relatives that at the time the deeds were made Aug. 7, 1923, Mrs. Fallon, then 90 years old, was of unsound mind and under the undue influence of her daughter, Mrs. Annie Malone. The deeds were recorded the complaint recites, on the same day that Mrs. Fallon died.

The property involved includes the Fallon Hotel, Market and Brady streets, San Francisco; the Carmel Hotel, Third and Minna streets, San Francisco; the Fallon home at Market and Waller streets, San Francisco, and farm lands in Santa Cruz county.

The matter is being watched with great interest by San Mateo county residents, where Mrs. Fallon was well known many years ago. Her son, Fred A. Fallon and granddaughter, Belle J. Brittan, are both well konwn throughtout the county.

ooo

JOHN H. DALY DIES HERE LAST SATURDAY

John H. Daly for fifty years a resident of this city, passed away last Saturday after a long illness. Mr. Daly was born in San Jose 53 years ago, but had come to Redwood City with his parents when a small baby.

For a great many years he had been employed by the Beeger Tanning Company of this city, having worked for that firm since his graduation from the public schools.

The deceased is survived by two sisters, Mrs. James P. Coleman and Mrs. Joseph Redmond, both of this city.

The funeral was held last Monday from Mt. Carmel Catholic church, where a mass was celebrated for the repose of his soul. Interment was in Holy Cross cemetery at Menlo Park.

NEWS OF WOODSIDE

The Woodside School opened on Monday, following the vacation period, with a full attendance. The attendance has been unusually regular this year, the ordinary winter complaints not yet having made themselves manifest among the children. The many Woodside pupils of the Sequoia High School are congratulating themselves upon the extended vacation.

Three new members were received into the Woodside church last Sunday.

Raymond von Savoye of Woodside who has been attending Lick-Wilmerding School in he city, has transferred to the Lowell High School.

Mrs. John D. Gish sang in concert over the radio from K. P. O. on the evening of January 4th, and is to sing again on the 22nd.

L. C. Burnett, who conducted a squab farm at the Adobe Corner, moved to a new place on the Highway a few weeks ago and has been busy for the past two weeks removing his plant to the new place. The pigeon houses had been built in sections which facilitated the removal.

Mrs. Charles Osgood of Alameda has been the guest for a week of Mrs. J. C. Flynn.

Mrs. A. H. Audiffred was hostess at a tea on Wednesday afternoon.

The noise of exploding dynamite has startled some of our quite loving residents during the last few days, but it proved to be nothing more serious than the splitting of tree stumps into fire-wood.

Mrs. Joseph L. Ross, Jr., was tendered a birthday dinner on Tuesday by her sister, Mrs. Philip Kroeck of Redwood City. All the other members of Mrs. Ross' family were present at the dinner.

The many friends of W. H. Lampkin, in Woodside, were shocked at the news of his death. Only a day or two before, we had read in the paper of his expected recovery so that we were altogether unprepared for the announcement.

HIGH SCHOOL OPENING POSTPONED TO JAN. 21

The opening of the new Sequoia Union High School building, which was to have taken place on January 14 has been postponed to the 21st. The postponement was necessitated by uncompleted work to be done yet in the new building. According to announcements made this week by Principal A. C. Argo, the teachers are to meet on Wednesday, January 16. The Honor Squad and commissioners of the student body will meet on Satuday, January 18.

CONGREGATIONAL CHURCH HOLDS ANNUAL MEETING

The sixty-first annual meeting of the Congregational church of this city was held Thursday night in the parlos of the church. The business meeting was preceeded by a delicious supper which was enjoyed by over a hundred of the members and attendants of the institution. Roy W. Cloud, president of the board of trustees, had charge of the business affairs and officers were elected as follows: Trustee for three-year term, Mr. Lewis A. Behrens; deacons, Donald MacKenzie and David C. Craig; deaconesses, Mrs. E. R. Whitehead and Mrs. Frank Blomquist; Sunday school superintendent, Wilbur Doxsee; church clerk, W. A. Crowell; head usher, Clifton Woodhams; visiting and flower committee, Mrs. J. Lee Pipkin and Mrs. Caswell Swett; decorating committee, DeAlton Wentworth.

The reports of the different activities showed that the church was in excellent shape. Otis M. Carrington reported that the attendance of the Sunday School had kept up to standard during the year, and Miss Florence Bellis, as treasurer, gave a statement as to the financial affairs of the Sunday School. Miss Bellis also reported on the work of the Ladies Aid Society, and Mrs. Donald Williams reported on the ladies work. Fred Taylor told of the condition and work of the Christian Endeavor Society. W. A. Crowell clerk reported that there had been four new members taken into the church during the year, and that twenty-four had been lost either by death or by letter. C. H. Woodhams, treasurer reported that he had $800 on hand, but that obligations of over $1400 were outstanding. Mr. C. M. Doxsee then took the floor and within five minutes had raised over $600 so that the work of the year might be started with a clean slate.

Rev. R. S. Currie who is filling the pulpit for two weeks made an address which greatly impressed his hearers. After Mr. Currie had left, the matter of the selection of a pastor was considered, and it was the unanimous vote of those present that the church should try to persuade Mr. Currie to come to Redwood City.

A resolution was then passed directing the clerk to convey to Rev. Rolland B. Dodge, pastor of the church, a message of love and sympathy from the members. The meeting was then adjourned in memory of the members who had passed away during the year. They are: Mr. James E. Van Court, Mrs. Mary A. Cloud, Mrs. Jennie Towne, Mrs. Marie Uhlenberg, Mrs. Charlotte Wentworth, Mr. Frank L. Bloomquist and Mr. L. P Behrens

CONTRACT FOR HETCH HETCHY PIPELINE ACROSS THE BAY IS HELD UP

A contract recently awarded by the Board of Public Works of San Francisco to Healy & Tibbetts, for the construction of the substructure that is to carry the Hetch-Hetchy pipeline across the bay, near Dumbarton, was held up Wednesday by County Auditor Thomas Boyle of San Francisco, who declared that the sum of $1,198,483.50 at which the contract was awarded is not available.

This pipeline is to constitute for the time being an aqueduct for Spring Valley water from Calaveras dam.

Boyle stated that it would be necessary either to dispose of some of the unsold Hetch-Hetchy bonds or to get the money out of the operating revenue fund.

"There is only $784,149.46 in cash in the Hetch-Hetchy bond fund," he explained. "In the operating revenue fund, which accrues from business of the Hetch-Hetchy railroad and from the sale of power at Moccasin Creek, there is $1,170,532.80. Hitherto the supervisors have kept this latter fund intact, so as to pay bond interest and thus apparently reduce the tax rate. But they'll either have to transfer that to the bond fund or else sell bnods and get the money, before I'll O. K. that contract."

Of the unsold Hetch-Hetchy bonds there remain $5,281,000. Supervisor Ralph McLaren, chairman of the finance committee, stated Wednesday that some of these bonds probably would be sold at once. He admitted that, if necessary, a transfer of a portion of the operating revenue fund could be effected.

ooo

WOMAN'S CLUB TO HOLD PARTY FOR CHILDREN

The Redwood City Women's Club will hold a party in the clubhouse on Thursday aftrenoon for the children of the members of the club. President. Mrs. Calvin Grandi, wishes all the children to attend as a delightful time is planned for them.

On Wednesday evening the Womens Club will hold a card party at the clubhouse.

LOCAL HAPPENINGS OF GENERAL INTEREST CONCERNING WELL KNOWN LOCAL PEOPLE

David Moore, popular court house appointee who has been on sick leave for the past month, was again compelled to go to the St. Francis hospital, San Francisco, for treatment and left for that institution Tuesday. His many friends in Redwood City hope that he will be able to return to his work very soon. During Mr. Moore's absence, Mr. C. Peterson is atending to his work at the court house.

Mr. John A. Carlson, an insuranre underwriter of San Francisco, met the Board of Trustees of Sequoia Union High School Thursday and outlined to them the manner in which they should carry insurance on our fine new high school.

Henry Hobbi, who for several years was assistant S. P. Agent in Redwood City, and who while thus engaged took the regular four year course and was graduated from Sequoia Union High School, has resigned his position as assistant agent at South San Francisco and has entered Stanford University. Mr. Hobbi has registered in the engineering department ad will take the chemical egineering course. This course requires six years of college work and is one of the hardest at college.

Mr. and Mrs. W. H. Coffinberry and Mrs. Elizabeth Coffinberry, and Mr. and Mrs. O. B. Hempstead spent Sunday with Mr. and Mrs. E. R. Whitehead in this city.

Mrs. Roy LeoPard left Friday morning for Ann Arber, Michigan with her mother, Mrs Steab, who has been in very poor health.

Mr. and Mrs. Henry Marcus and family, Mr and Mrs. Milton Marcus, Dr. and Mrs. Serf of this city attended the wedding of Miss Marion Glaser at the Palace Hotel in San Francisco. Miss Glaser, who became the bride of Dr. Morton A. Hart of San Francisco, is a niece of Mrs. Henry Marcus.

Ellsworth Quinlan of Halfmoon Bay, a graduate student of Stanford University, greeted friends in Redwood City last Saturday.

Mr. F. Modena, the well-known artichoke grower of San Gregorio, was in Redwood City with his two sons Thursday meeting friends and attending to business.

Rev. R. S. Currie of Wyandotte, Michigan, arrived in Redwood City last Saturday and filled the pulpit of the Congregattional church on Sunday. The reverend gentleman impressed his large congregations both morning and evening and it is to be hoped that he may be willing to accept a call to come to Redwood City. Mr. Currie is a strong and vigorous man of pleasing address and has been exceptionally successful in all of his church work and now holds a commanding position in his denomination.

He is a man who has taken a leading part in civic as well as religious life and would be a decided asset to our community. Mr. Currie will fill the local pulpit both morning and evening tomorrow and it is anticipated that he will have many to hear him as he has made many friends during his week here.

Mrs. Willis Frost was hostess to her sewing club last Tuesday. The club has had a month's vacation, and this is the first meeting to be held since the holiday season. The next meeting will be held on January 23 and 24 at the home of Mrs. John Gill. The guests of the evening were Mesdames C. Argo, George Bell, N. C. Cummings, Alex Cuthbertson, C Cassingham, John Carl, C. L. Dimmitt, John Gill, B. E. Meyers, A. E. Monteith, C Langford, Ben Zimmerman, F T. Smith and Misses Cleone Cummings and Willis Frost.

Henry Hepson of Seattle, Washington is here visiting friends and enjoying the winter climate of Redwood City.

WORK PROGRESSING ON DEEP WATER ROADWAY

Work on the road to the cement plant, now under construction on the marsh north of town, is being rushed. Carlods of shells dredged from the bay near the site of the plant are being hauled to points along the railway, where a steam shovel is employed to unload them and place them along the outer side of the present narrow road. When completed the road will be twice its present width and about six inchs higher.

New and heavier rails will be laid on the new level when it is completed, thus enabling the output of the new factory to be shipped out, and hauled with the standard type of locomotive. Spur lines will be constructed for the conveniece of the other manufactories along the line.

Pile drivers are now at work on the site of the new factory, driving piles that will form the foundation of the new buildings. In a short time actual work of construction operations will be in progress on what will in time be the largest cement factory in the west and the largest factory of any kind on the peninsula.

ooo

TWENTY-FIVE YEARS AGO

Appeared in Times-Gazette JANUARY 14, 1899

Twelve of the best architects of the country have been for some time past preparing plans for a chapel to be erected at the entrance of the outer quadrangle of the Stanford University. They are completed and are on the way to Mrs. Stanford who will select from the plans the one she likes best. The building will cost $25.000, and work on it may begin early next spring.

Governor Gage has commissioned Geo. Ross of this city a notary in and for the County of San Mateo. Mr. Ross was the first appointment made by the new governor.

District Deputy Frank Lowe of San Jose installed the following officers of San Mateo lodge No. 168 F. & A. M., Saturday evening last: Jesse Penton, Master; William Headley, Senior Warden; Mr. McCracken, Junior Warden; J. White, Senior Deacon; John Lindstrum, Junior Deacon; W. H. Pipkin, Secretary; L. P. Behrens, Treasurer. After the installation ceremonies the lodge adjourned to the Capitol Hotel, where a supper awaited the members and their friends.

CIVIL SERVICE EXAMINATION

Clerk Carrier

An examination for the position of clerk or carrier in the post office will be held in this city on Feb. 9, 1924.

Applicants must be citizens of the United States between the ages of 18 and 45 years on the date of the examination.

Age and height and weight requirements are waived in the case of honorably discharged soldiers, sailors and marines.

Applicants must be physically sound and male applicants must not be less than 5 feet 4 inches in heigth in bare feet and weigh not less than 125 ponds without overcoat or hat.

For application blanks and further information relative to this examinaon, address Local Secretary, Board of U. S. Civil Service Examiners, Redwood City, California.

SCHOOL NOTES

Redwood City Grammar School re-opened Monday after a two weeks' vacation and all of the teachers were present to take up their tasks. Superintendent A. E. Monteith reports a large increase in attendance and this will probably be increased at the opening of the regular spring term, January 28th.

The high eighth grade examination for graduation from the elementary school was held Tuesday. There were twenty-nine applicants from Redwood City; two from Menlo Park; one from Ravenswood; and one from Alpine. The Standard Achievement tests and an examination on the Constitution of the United States were given. Mr. George W. Hall, Superintendent of the San Mateo City school conducted the examination, while Mr. Monteith had charge at Burlingame.

On Saturday, January 26th, the County Board of Education will examine 102 of the teachers of the county in the history and principles of the United States Constitution. This is a new procedure which is required by a law passed by the last legislature. It requires all new teachers and all who must have their certificates renewed to take the examination. If any teacher should fail she will then receive a temporary credential good until September 1st, and will be required to complete a course in summer school, covering the same subject matter. Those who pass will receive a certificate showing that they have completed the work.

ooo

MEETING AT SAN CARLOS

The residents of San Carlos met at the public school of that growing community, Thursday evening and discussed matter pertaining to their school. Asa Hull was chosen as the presiding officer and after an hour of discussion it was decided that for the present the school should remain in its present location, but that an additional class room should be erected to take care of the large increase in attendance. Consolidation with Redwood City school district or the contracting for the education of the upper grade classes were also considered. County Superintendent of Schools Roy W. Cloud gave a talk on school work and explained the process of "Consolidation" and also of "Contracting for Education." Mr. Cloud also answered numerous questions.

The people of San Carlos are fully alive to the problems which are confronting them as there are additionfamilies moving into their community every week.

ooo

MOTHER OF LOCAL WOMAN DIES IN SAN MATEO

Death overtook Mrs. Margaret McCormick of San Mateo last Monday shortly after she had been rescued by firemen from her home which was destroyed by fire. Mrs. McCormick was the mother of Mrs. Henry Kreiss and Mrs. Thomas Stott of this city, and was a pioneer resident of San Mateo county.

For many years the deceased resided at Woodside with her husband, the late Patrick McCormick.

Mrs. McCormick was 84 years of age, and a native of Ireland. She leaves four daughters and a son. The daughters are Mrs. Thomas Stott, Mrs. Henry Kreiss, Mrs. Geo. Jenkins and Mrs. John Reed, the son is William J McCormick.

The funeral of the aged woman was held last Thursady from the St. Mathew's Catholic church in San Mateo, where a mas was celebrated for the repose of her soul, and was followed by interment in Holy Cross cemetery in Menlo Park.

RECEIVED SHIPMENT OF AFRICAN IVORY

A large shipment of curious and artistic articles carved by African natives from the ivory tusks of the elephant, has been received by Dr. Roy Woodhams. Woodhams, who with his wife and two little daughters, arrived recently from Africa, where he had been acting as medical missionary for six years, shipped the ivory before leaving the Dark Continent. The collection contains many useful articles such as umbrella handles, etc., and will be sold by Dr. Woodhams to pay part of the expenses of his furlough from his missionary work which he is spending with his parents here.

ooo

T. C. McGOVERN APPOINTED SHERIFF BY SUPERVISORS

T. C. McGovern, who has served as deputy sheriff under the late H. W. Lampkin, and was deputy under Michael Sheehan, was last Monday appointed to fill the unexpired term of the late sheriff, H. W. Lampkin. The appointment of McGovern was confidently expected by his friends, who knew of the efficient manner in which he filled the office during the illness of the late sheriff, and were conversant with his records as under sheriff and deputy.

McGovern is a native of San Mateo county, and is thoroughly acquainted with the county. He is a member of a large and prominent family of the coastside, and has friends throughout the peninsula. He is thoroughly conversant with the duties of the office, and will make a fearless and efficient custodian of the law.

ooo

TO OPEN LAW OFFICE IN REDWOOD CITY

A. J. Stebenne, attorney, has opened a law office in the Hull Building, formerly the Lipp building on Main street. Mr. Stebenne who is a capable attorney, and well versed in the law, was formerly district attorney of Clark county, Nevada, in which office he served two terms. More recently he has been connected with the legal department of the State Automobile Association of California. Mr. Stebenne is much pleased with the outlook in Redwood City, and likes the climate.

ooo

La Honda Canyon News

(Contributed)

The regular meeting of the La Honda Canyon Promotion Association took place at Bonzagni's Lodge Saturday evening, January 5, at 8 o'clock. All members were present with the exception of a few who were ill. Chairman Fry being absent, Alex Bonzagni substituted and ably filled the position. Secretary Woodhams hammered the meeting to order with a salt shaker, and then the trouble started. Several bales of rags were chewed up, in the attempt to straighten out the monthly accumulation of association affairs. Several heated debates took place and in one instance when things looked black, John MacBain sprang up and attracted the crowd's attenion by declaring that he had nothing on his hip, it was perfectly flat. Thus reassured things settled back to normal.

Chairman George Steinberg of the fire committee being called upon to give a report of the activities of his department, covered the whole situation in six words. George is a man of few words, but a "humdinger" in action. He probably will improve and lengthen his reports as time progresses.

Mr. Leonard being called upon for a speech, retained full possession of his mental faculties, but was suffering from paralysis of the lower extremities, therefore unable to stand, and was excused.

Jack Gabriel opposed the additional word, "Canyon" to the name La Honda, stating that he didn't want his friends to find out he was living in a hole in the ground.

Oh, well Jack, they'll find it out some day anyway.

Fish and Game Commissioner Hunter kept his eyes on the mountaineers from force of habit. I suppose if any of them had started to run he would have run after them! (Did you get him Hunter Sam Stout.) By a unanimous vote the members decided on having the name La Honda Canyon on the front and rear number plates of their machines.

No further business being on hand the meeting adjourned to indulge in dancing, excellent music being furnished by Messrs. Brown and Zanoni, after which a delicious supper was served by the lady members of the association. The future meetings of the association will be held the first Saturday of every month somewhere in La Honda at 8 p. m. Everybody is welcome. You are not obliged to join the association, just come and bring your friends, and we well give you a good time.

Aside from being a means of bettering the conditions in the Canyon and advertising it, this association is a great social success, as every public-spirited citizen feels that he must attend any enterprise that tends to promote the welfare of his community. Therefore, in doing so he meets his neighbor, whome he wouldn't see probably more than once a year. And then again everyone seems to manifest such a spirit of friendliness, a sort of letting down the bars, and setting aside those petty every-day annoyances, and having a good time.

Don't forget first Saturday of every month, somewhere in La Honda Canyon.

DUMBARTON BRIDGE PROSPECTS CAUSE RAISE IN REAL ESTATE

Bay Bridge is Given Endorsement of San Francisco Real Estate Association at a Recent Meeting

Construction of a highway brige at Dumbarton will be of great benefit to the bay community, according to a resolution passed by the San Francisco Real Estate Board approving the construction program of the Dumbarton Highway Bridge Corporation last week. In placing their approval on this project, the Board says that by connecting San Mateo and Alameda counties at points opposite Redwood City and Newark, both those counties, and the City and County of San Francisco will derive great benefits. In commenting upon this action P. R. Thompson, managing director of the Dumbarton Brige Association said that he felt that the project had won the apporval of the San Francisco Real Estate Board through the benefits already derived by the Peninsula real estate. "I have been told." Thompson quoted, "that real estate values up and down both sides of the Peninsula began last November. As yet these improvements have been limited mostly to home sites, but real estate operators tell me that they anticipate a strengthening of the industrial site values this spring when eastern manufacturers begin looking for an opportunity to reduce their operating costs."

The "Ten-day Stop-over" privilege that has been secured from all the railroads entering San Francisco will be of great indirect benefit to the community in Thompson's opinion. The best time to sell an industrial proposition in any district is when the visitor is relaxed and looking for enjoyment such as those who avail themselves of this "Stop-over" privilege will unodubtedly be.

Completion of the Dumbarton Highday Bridge will greatly facilitate and expedite transportation of food products from the great Sasramento and San Joaquin Valleys into the San Francisco markets, Thompson said, while opening of this bridge will bring both the Victory and Lincoln Highways' terminal into San Francisco and route manythousands of tourists through the desirable home and industrial site subdivisions of the Peninsula district.

APPORTIONMENT OF COUNTY TAXES ANNOUNCED BY JOHN J. SHIELDS, COUNTY AUDITOR

San Mateo county taxes of more than $1,000,000 are being apportioned into the various county funds this week in statements under preparation in the office of County Auditor J. J. Shields in this city.

The total of taxes in the first installment for 1923 and 1924 collected by Tax Collector Ambrose McSweeney and County Assessor D. P. Flynn is $1,105,911.51, the statement shows. Of this amount $37,859.65 was collected from personal property tax. The total to be collected is $1,707,806.77, according to the statement.

As apportioned by the auditor the general fund of the county will receive $68,307.07, the fund for salaries of county officers will get $73,017.90, the fund for purchase of the County's Redwood Park, near Pescadero, will receive $22,612 and construction of new roads throughout the county will be helped along with $56,529.99. The funds for road maintenance will receive $83,729.06 and for high school maintenance $22,409.01.

FORMER HALMOON BAY MAN BURRIED IN OAKLAND

Funeral services for the late Dennis J. Lynch, former deputy assessor of Halmoon Bay were held in Oakland Thursday. The services were held at 9:30 Thursday morning in the Church of St. Columbia, where a high mass was celebrated for the repose of his soul. Interment was in St. Mary's cemetery, Oakland.

IMPORTANT MEET OF FOUR COUNTIES

Planning Body of Peninsula Counties Formed

Delegates from San Mateo, Santa Cruz and Santa Clara counties met with San Francisco city officials Thursday morning at the San Francisco City Hall to inaugurate a movement to establish a peninsula regional planning body to work for the joint interests of all four counties in the building of highways and other development.

Supervisor Richard J. Welch of San Francisco, chairman of the Joint Highway Commission No. 1, outlined work being done on the Skyline boulevard project between San Francisco and Santa Cruz.

A general program of peninsula development, including maritime improvement and the setting aside of natural beauty spots for recreational purposes, was set forth by Welch.

As a result of the conference the representatitves of the four counties agreed to meet the middle of next month at San Jose to organize a general body to carry on the regional development plans.

Those atending the meeting were: Rosalie M. Brown, Dr. C. V. Thompson, John MacBain, and Thomas Hickey of San Mateo county; Al Hubbard, Henry Ayer, John Roll and C. P. Cooley of Santa Cruz county; George Rostrom, A. W. Wyman, Attorney Lloyd Boyman and N. P. Sinnott of Santa Cruz county; Supervisors Welch, William H. Harrelson, Ralph McLeran, Angelo J. Rossi, John G. Wetmore and Frank Robb of San Francisco.

The program outlined by Welch was in part:

Trunk highways to include the State highway, Skyline boulevard and its possible extension, the projected bay shore highway and possibly another along the coast connecting San Francisco and Santa Cruz and the towns intervening. A system of intercepting laterals might be planned that would provide communities and develop areas not now accessible.

Areas for recreational purposes might be acquired or reserved, and the natural beauties of mountains and seashore preserved. Already the State Redwood Park has been reserved and San Francisco has a large area acquired by gift at Salada Beach. Santa Clara county has just acquired a park of about 400 acres in the Santa Cruz mountains, and San Mateo county has inaugurated a "Save the Redwoods" movement. It is desired that parking and picnic spaces be acquired along the Skyline boulevard.

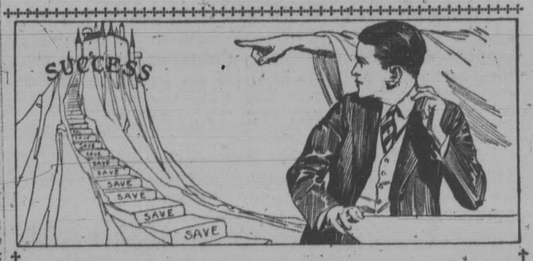
ooo

FORMER WORLD WAR FLYER TO MAKE TRIP FROM S. F. TO SAN DIEGO FOR STORY

James O'Connor of the Sudden Lumber Company of this city, former World War aviator, will fly from San Francisco to San Diego for the purpose of gathering material for an article to be contributed to an aviation magazine.

The flight, to be made from Cressy Field, San Francisco, during the latter part of the present month, has been authorized by Major General Mason L. Patrick, chief of the United States Air Service. O'Conner is well known in aviation circles in San Mateo county and is president of the Aero Club of San Francisco.

The article to be prepared by the flyer will deal with conditions in southern aviation fields, it is said.



The Only Way

Ask any successful man today the best, the surest and quickest way to success and he will invariably tell you "Save."

He ought to know, since he has been through the mill, and if his experience is worth while, and it must be since it helped him, why don't you take advantage of his advice and start a Savings Account with this strong Bank today?

HAPPINESS

Happiness is a quality that may be acquired by anyone. A great poet once said: "God has given us tongues that we may say something pleasant to our fellow men."

We should use our tongues to that end every day

"For Yesterday is but a Dream,
And To-morrow is only a Vision;
But To-day well lived,
Makes every Yesterday
And every To-morrow a Vision of Hope."

So let's be Glad.

BOOSTING

We are going to try to acquire a real boosting spirit during the coming year. We have boosted whenever the occasion required in the past, but are resolved to use increased energy in furthering anything that is for the good of Redwood City and San Mateo county during 1924, and every year thereafter that we are permitted to live in this, the most wonderful section of the world.

There are, in every community, public spirited men who are willing to give their time, energy and money just for the good of the town. Usually they get mighty little thanks for their efforts. If the proposition goes over fine, they are princes. If the thing goes "fluey," they are a bunch of "bums" because they cost some of their friends $25 or $50. We are just as guilty as the rest so we are willing to admit that at times we haven't been as loyal as we should have been. We are prone to forget that the other fellows bore not only the brunt of the project, but that they also lost much more than we did. What they tried to put over would have been a great thing for the town. Unfortunate circumstances prevented the success of the enterprise, but that wasn't their fault.

There are bound to be people in every community who are afraid that some one else is going to get ahead of them. They are not the ones who put up for the things that come along. They havn't the nerve to go in debt to make improvement which will help the town.

Perhaps during the year we may not be able to help every project financially; if we can't, we can boost and say a good word. One never knows how far a word of kindness goes.

THE BOK PEACE PLAN

The winner of the $50,000 offered by Mr. Edward Bok for the best plan for "Permanent Peace" made seven positive proposals which if followed would take us a long way towards our desired elimination of war. We have advocated every one of them editorially for the past two years.

The first proposal is that we join the World Court. There is every reason why we should do so. The United States is the greatest nation in the world. As the owner of most of the capital and so the controller of the purse string, we have the greatest compelling force in the world; so we could offer wise counsel in case of dispute.

Secondly, we should not join the League of Nations, but we should co-operate with it when necessity arises. We have no business to meddle in European, African or Asiatic affairs. We have problems of our own in America. But we could wield a great moral force. We should maintain the Monroe Doctrine. We are in a position to see that outsiders shall not interfere with American problems.

The winner has put forward a strong program. He has made the people of the country think. We believe he should have advocated that every European nation should be obliged to pay its obligations to the United States and that no forfeiture of debts should be allowed. We expect to pay to our bills. If other nations are to be self-respecting they must pay theirs. Whenever a nation looses its self respect it begins to look for trouble and trouble is the easiest thing in the world to find, and it always leads to a fight.

However, we hope the American people will study the Bok proposals and by their influence and votes attempt to bring them to pass. Public opinion is a great thing but votes and lots of them are great persuaders.

TAXES AND THE TAXPAYER

President Coolidge in his annual message said "High taxes reach everywhere and burden everybody. They bear most heavily upon the poor. They are a charge on every necessity of life. Of all services which Congress can render to the country I have no hesitation in declaring the reduction of taxation is paramount."

Personally we would like to see the president put through legislation that would reduce taxes. We have seen executives go into the tax reduction business before. Governor Richardson reduced taxes. But the people he served were the owners of corporations. We have seen no reduction in the rates charged by public service corporations. Our railroad fares have not been reduced. Our water rates are just the same.

We do not in any way wish to criticise the public service corporations for making as much as they can for their shareholders. They pay good wages and treat their men fairly, so why shouldn't they make a fair return on the capital invested.

Perhaps the president may be able to abolish amusement taxes. But they are so small on the individual taxpayer that they make little difference any way. And so there you are.

We are told that 90 per cent of all of the taxes are for past, present and future warfare. We do not want our military or naval forces cut down. We need them for protection. We must pay our debt to the men who made our country safe for our posterity. So the 90 per cent must be continued. And so the matter stands.

This is an age of improvement. We have gone way past the things that were required by our parents. Improvements cost money. If we are going to have the best things in the world we are going to pay for them.

We wish the president great success. He has always been a poor man and his heart is in the right place, but our idea of the whole thing is, if we want to have any money we have to save it for ourselves. Congress and the Governor of California are going to do mighty little saving for us. They have troubles of their own.

THE COAST ROAD

We are glad that the supervisors are considering the advisability of securing the old right of way of the Ocean Shore railway in order that a good level road may be constructed thereon from San Pedro to Montara. Such a road would eliminate a long steep mountain road of many turns, hard grades and dangerous passing points. It would also cut several miles off of the distance between Halfmoon Bay and San Francisco.

The Ocean Shore Company spent hundreds of thousands of dollars in tunnels, cuts and bridges to get this right of way into condition. San Mateo county can have all of this now, if it will, for practically nothing. A contractor has said that he will build a good road on the old road bed for $5,000 a mile. If he can, and the county will have him do the work, the county will have an asset that is of wonderful value. The road will be of scenic splendor that will compare with the Columbia River highway, or any other road of a thousands wonders in America. It will also be of inestimable value to every property owner on the Coastside. We trust that the supervisors will heed the call of our brethern of the coast and acquire the right of way and construct the road.

APPELLATE COURT RENDERS DECISION

TRAFFIC COPS MAY RETURN TO WORK

According to a decision of the Third District Court of Appeals, which last week completely reversed its former decision, it will now be possible for the traffic cops of this and other California counties to resume their pursuit of the speeding motorist. The former decision of the Court of Appeals came as the result of State Controller, Ray L. Riley holding up the salaries of the traffic officers appointed under the recently passed Reed Act. Riley claimed that the Reed Act was unconstitutional in that it gave unwarranted power to the board of supervisors of the various counties. The first decision of the Court of Appeals upheld this position. The traffic officers, therefore, finding themselves without pay, quit, but will now, by the recent decision be able to resume their work.

As a result of this decision 95 ousted traffic officers in 30 counties and eight state inspectors can again resume their duties unless an appeal on the Appellate Court decision is taken before the State Supreme Court. Patrolling of the highways which had been considerably curtailed outside the limits of incorporated cities will now be possible under the conditions stipulated in the California Vehicle Act.

Following the announcement that it had reversed its original decision, the Appellate Court issued a writ of mandate ordering State Controller Ray L. Riley to pay all state and county highway inspectors their salaries totaling aprroximately $20,000.

Although Controller Riley has 40 days in which to appeal the case to the State Supreme Court it is generally believed that in view of the comprehensive opinion issued and thorough consideration given all angles of the case by the Appellate Court that the present decision will stand uncontested. Riley is now in Chicago and has not issued any statement of his intentions.

The original opinion holding that the appointment of county traffic officers by Will H. Marsh, Superintendetn of the Division of Motor Vehicles, through contracts with the various boards of supervisors constitutes an illegal exercise of legislative power, was entirely reversed by the latest verdict of the Appellate Court. This new decision holds that the California Vehicle Act creates the office of traffic officers and that the right to delegate appointive power is vested in the Legislature.

The offices being statutory and not constitutional, the court held that the fact that appointment is left to the Division of Motor Vehicles, and the Boards of Supervisors is not in itself and unwarranted delegation of power. The decision also upholds other features of the new Vehicle Act referring to the contracts between the several counties and the Division of Motor Vehicles and the payment of salaries from the counties' share of the gasoline and motor vehicle tax receipts.

When the original verdict of the Appellate Court was made public, Towne issued an opinion that the decision affected many other state departments, boards and commissions and filed a petition for a rehearing which was granted. It is not expected that the present case will be carried any higher as a reversal by the State Supreme Court would again make questionable the status of hundreds of other state employes in a dozen or more departments, boards and commissions.

NIGHT SCHOOL RE-OPENS

The Sequoia Night School will re-open in the new high school building on January 22 and not on January 15, as previously announced.

The Menlo Park branch re-opened this week. The English classes meet Monday and Wednesday evenings, while the arithmetic class meets Tuesday and Thursday evenings. Menlo Park is to be congratulated on the good attendance thus far and an increased enrollment this year is expected.

ooo

You can't have everything you want nor want everything you have, but you can laugh about it.

Old Timer Tells Of Other Days

The following reminiscent article was written by a citizen of Redwood City who has watched the growth and development of our town for the past forty years:

The other week I talked with an old timer who returned to Redwood City after a long absence. I hadn't noticed the changes that have taken place in our town, because I have been through them all, but the mention of them made me pause and consider.

Redwood City forty years ago, as I refember it then, had nothing but its climate—and, oh! its climate is glorious. Were one to walk down A street (Broadway) from the depot, he would have sidewalks part of the way and mud the rest. Should he attempt to cross from the Grand Hotel to the Hadler corner or to the Wahl building on a rainy day he would wade in mud nearly to his shoe tops. and the road in winter was of such a variety of slush that pedestrians invariably hugged the wall whenever a team chanced to pass. We can hardly realize such a condition when we go along our well paved and splendidly sidewalked streets.

The matter of building was also considered. The change in this respect is even more surprising. Now, Broadway is lined with neat business and public buildings. Then, the array was Hanley's stable, Cashin's saloon, the Chinese wash house, the Old Corner, Ford's blacksmith shop, the Germania Hall and the Farmer's Home, while the rest of the street was lined with residences of great age.

Changes like these have taken place all over town. The Frank Tannery then employed about ten men. One man—J. S. Hughes—was then superintendent of streets, water collector and custodian of the city hall. The streets were unlighted and there was a cesspool in every back yard. And yet, Redwood City was then a good place to live. Today there is no better place under heaven.

ooo

Everybody stands ready to forgive a sinner—if the sinner is himself.

COUNTY TO SECURE NEW COASTSIDE RIGHT OF WAYS

Vacancies Filled in County Offices

COUNTY NAME ON ALL CARS

Architect Topke Presents Plans for Tuberculosis Pavilion

The matter of converting the now disued roadbed of the Ocean Shore railroad into an ocean shore highway to cut out the dangerous and steep garde over Pedro mountain, as advocated editorially in the Times-Gazette, some time ago, was strongly brought before the board of supervisors of this county on Monday.

A large delegation of men from various points on the coastside and other interested parts of the county, was present and presented their views as to the feasibility of the project.

The first speaker from the coastside was Dr. Morgan, who with detailed statistics showed that the present road over the mountain between Faralone and Rockaway Beach was twelve miles, most of which was on a seven per cent grade. The proposed line would shorten the distnce to six miles and cut out most of the grade, as well as the sharp turns which now make the road so dangerous. Dr. Morgan detailed the condition of the whole roadbed, trestles and tunnel, and showed that the expense of macadamizing the present roadbed would be very low, the cost was estimated by him at between $4000 and $5000 a mile.

Dr. Morgan was followed by Harr Wagner of Montara, who dwelt on the saving upon machines of the coast side people, the saving of time, and the increased valuation of property that the proposed road would effect.

Oher speakers followed and spoke of the advantage which the new road would offer as a portion of the coast line highway from San Francisco to Santa Cruz, and brought out other points in favor of the proposed road. County Surveyor Kneese was asked for an opinion by the board, and he stated that the proposed road would prove a feasible proposition and would be an economical move and advised the board to secure the rights of way.

Supervisor Hickey advised quick action, as he said that the storms would cut the roadbed out if nothing were done to prevent it. District Attorney Swart also advised quick action, and suggested that the board appoint a committee to get the rights of way.

Supervisor M. Francis moved that such a committee be appointed, and his motion was seconded by Supervisor Brown and passed. A committee consisting of Dr. Morgan, Dante Dianda and Alvin Hatch was therefore appointed by Supervisor Thompson, for the purpose of obtaining the necessary rights of way.

Appointments to fill three offices made vacant by the death of the incumbents were made by the board at this meeting. The first appointment was that of T. C. McGovern to fill the unexpired term of Sheriff H. W. Lampkin, who had died earlier in the morning. James Logan was appointed to fill the office of constable made vacant by the death of Martin H. Walsh, and Mrs. Josephine E. Lamb was appointed to the office of Justice of the Peace to fill the term of her husband, Porter E. Lamb, who died several weeks ago.

New and improved plans for a tuberculosis pavillion to be erected at the new county hospital to take care of the tubercular patients, were presented to the board by Architect Topke. Topke said that he had taken the plans up with Mrs. Thompson, chairman of the State Tuberculosis Association, and that they were up to the requirements of the Association. Topke spoke highly of Mrs. Thompson and stated that she had made no demands that were unreasonable. A county institution of this kind whose plans are passed favorably upon by the Association receives $3 a week for each patient cared for from the Association.

A notice of hearing from the Railroad Commission was read. The notice was concerning the proposal of the Ratteree Bros. to construct and operate a water system in Visitacion Valley.

Purchasing Agent Werder asked the board for a car and was given one. Werder said that a closed car would cost $60 more than an open one, and that he was willing to pay the difference in order to have a closed car. Permission was granted him to get the car under that condition.

Supervisor Hickey moved that the the purchasing agent have the name of San Mateo County plainly painted upon the sides of every car belonging to the county. Supervisor Brown seconded this motion and it was passed.

Notice was given the board of the expiration of the term of the trustees of the Pulgas Mosquito Abatement District. Upon motion of John MacBain, the three present trustees, Asa Hull, L. A. Barrett and W. J. Murray, were reappointed by the board. Notice of the expiration of the term of J. C. Robb of the Three Cities Mosquito Abatement District was also given the board, and Mr. Robb was reappointed.

A communication was received by the board from the Board of Supervisors of Ventura county with a resolution passed by the latter body. The resolution was addressed to Governor Richardson, and asked him to call a special meeting of the state legislature to pass some law to provide for the employment of traffic officers. Similar action was urged upon the San Mateo county board. The resolution was filed for the present.

FIGHTING AGINST THE INSECT PESTS

PLANT DISEASE AND PEST CONTROL CIRCULAR AGAIN AVAILABLE

Circular No. 265, "Plant Disease and Pest Control," by W. T. Horne, E. O. Essig, and W. B. Herms of the Plant Pathology and Entomology Divisions, has been reprinted by the University of California Agricultural Experiment Station, and is again available for distribution. This circular forms a comprehensive handbook on diseases and pests affecting field crops, fruits, nuts, vegetables, and flowers, and includes also household pests and animal parasites. Every farmer should have a copy at hand for consultation.

The contents are divided into four general divisions: first, diseases and insect pests of crops, arranged alphbetically from alfalfa to walnuts; second, general subjects such as armillaria root rot, army worms, cutworms, and cankerworms, frost and cold injury, mematode, physiological diseases, sunburn, and tent caterpillars; third, household pests and animal parasites; and fourth, formulas and descriptions of materials for insecticides.

Spreaders are often added to sprays to give them a more even distribution over the surface of the leaves and to prevent them from collecting into drops. Some of them also have insecticidal value and others act as adhesives. So much is claimed for these materials which is not fully warranted that many persons have come to feel that none should be recommended. The authors of Circular No. 265, however, feel that the advantages gained should not be entirely overlooked and therefore include a discussion of some of the more important substances used for these purposes, such as casein, billboard paste, glue, oil emulsions, and miscible oils.

A copy of Circular No. 265 may be secured by addressing the Director of the Agricultural Experiment Station, Berkeley.

Strange no manufacturer has thought of turning out a fur-lined limousine for winter use.

After his car has reached the stage where it looks like something that never could have happened, a loyal owner continues to brag about having a better motor than he could get in a new car.

"There is more truth than poetry" in about everything but an optimist enjoys the poetry and tries to make the truth less disagreeable.

The difference between success and defeat is generally the difference between the man who stays defeated and the one who refueses to stay that way.

If your honesty is the kind that needs advertising, advertising it is the last thing it deserves.

A poor man's idea of a good joke is a rich man worrying about paying his income tax.

Cleaning Without Odor by the
F. Thomas *Process*

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes

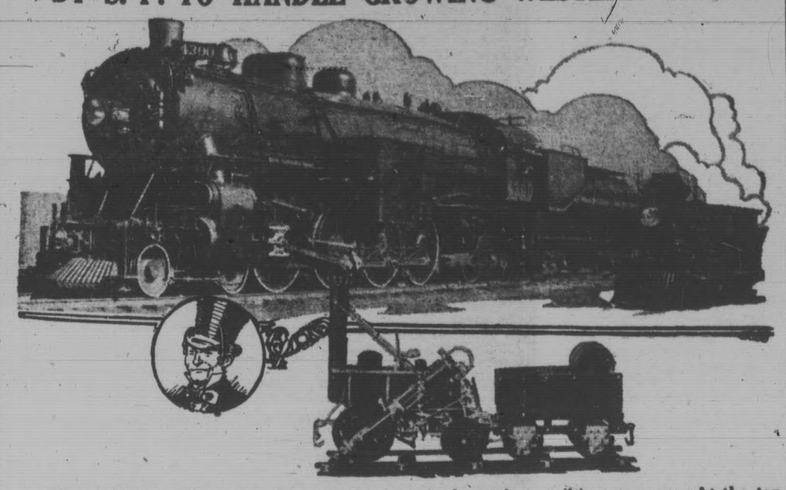
MOST MODERN PASSENGER LOCOMOTIVES BOUGHT BY S. P. TO HANDLE GROWING WESTERN TRAFFIC



The evolution of the railroad locomotive here is shown in a striking manner. At the top is No. 4300, newest gigantic mountain-type locomotive of the Southern Pacific, for heavy transcontinental passenger trains. Standing beside it, in sharp contrast, is the old "C. P. Huntington," or Locomotive No. 1 of that railroad. Below is the famous "Rocket" which pulled the first train in 1829, at what was then considered the remarkable speed of 24 miles an hour.

THE most modern passenger locomotives thus far designed have just reached the Pacific coast and will be of material aid in handling the record winter tourist traffic from eastern states.

They are the result of years of study and experience by Southern Pacific experts and planned to best meet conditions here. Operation of heavier trains on longer runs will result, together with added comfort to passengers through smoothness in starting and handling of trains.

Known as the "4-8-2," or "Mountain Type," these monster engines are to be put into service with the opening of the new year by the Southern Pacific Company in handling heavy transcontinental trains.

They are equipped with the very latest devices for increasing power and economy; are 97 feet, 6¼ inches in length, and 15 feet, 11⅝ inches in height. Their tractive, or pulling power is 57,510 pounds without the auxiliary booster engine and 67,660 pounds when this auxiliary engine is used in starting and at slow speed.

The tractive power of 57,510 pounds, converted into hauling capacity, means that these locomotives can pull on a straight track up a grade of 26 feet per mile a modern heavy fourteen-car passenger train at a speed of fifty miles an hour. About 3,250 horsepower, equal to 147 "flivver" type automobiles, is developed.

The first of these gigantic engines will operate over the difficult mountain and desert run between Los Angeles and El Paso.

The Southern Pacific recently ordered sixty-three new locomotives to be placed in service during 1924. This is in addition to the ten "Mountain Type" passenger engines; six heavy "Pacific Type" passenger locomotives, for use between San Francisco and Los Angeles, and thirty-four improved "2-10-2" heavy freight engines now being delivered.

The two orders will make a total of 113 new locomotives that will be available within the next year to aid in the general policy of the Southern Pacific of keeping well to the fore in serving the public with the very best transportation possible.

Increased power of the new locomotives will permit the handling of heavier trains. Smoother starting, with elimination of jerks by taking slack, is accomplished. Such devices as super heaters, feed water heaters and the booster engine, are resulting in new records for operating economy.

The new Pacific engines will make the through run without change between San Francisco and Los Angeles, pulling such fast trains as the "Lark." This type of engine during the last year has made an enviable record in the through run of 536 miles between Ogden and Sparks.

The newest type Pullman cars and other equipment of latest design also are being placed in operation to carry out the railroad's plan for furnishing the most modern service. Dustless and smooth roadbed, excellent food in dining cars and courteous attention add to the comfort of travelers.

STUDENTS!

Gallagher-Marsh Business College invites you to come and witness its student demonstrations. It then challenges all other schools to equal in your presence what you may see accomplished here.

Come and let us prove to you by student demonstrations that Gallagher-Marsh Shorthand System is better than any other and that no other school compares with Gallagher-Marsh for competent stenographers, private secretaries, etc.

Don't be fooled by large ads or fancy furniture, but insist on seeing mental furniture as represented by pracical results in the sudents. So come and be convinced. Free catalog. Van Ness Avenue and Turk Sreet, San Francisco, Calif. Adv.

ATHERTON TRUSTEES REPEAL LICENSE LAW

REVISED POULTRY ORDINANCE PASSED

At their regular meeting last Wednesday evening, the board of trustees of the Town of Atherton voted to appeal an ordinance formerly passed by them, which provided a license tax on all lines of business. This method of raising revenue proved unpopular with the people of the newly formed town, and was, therefore repealed by the board.

Another ordinance which had given dissatisfaction, an ordinance regulating the rasing of poultry, was also repealed. This was followed by the passing of another poultry ordinance which will limit the number of fowls which may be raised to 300 per acre of land, and limits the total number to 1000. This new ordinance also provides that all chicken ranches must be kept in a clean and sanitary manner.

An ordinance regulating the raising of goats in the Town of Atherton was next passed. This ordinance provides that not more than four goats may be raised by any one person, and prohibits the keeping of goats within twenty-five feet of any dwelling place.

If you regard your friends as merely useful things, they soon will regard you as merely useless.

ZONE CHANGES CONSIDERED BY TRUSTEES

To Beautify Oak Knoll Parks

STREET LIGHTS FOR OAK KNOLL

Many Dance Permits For January Granted

The matter of zoning was again brought before the board of trustees of Redwood City last Monday night, when E. W. Magruder asked permission to erect a building on his property on Vera avenue for the purpose of opening a hardware store. Magruder at present operates a lumber yard on the premises and sells hardware. He now desires to erect a better building to serve as a store, but as this is in the restricted district, it would be necessary to amend the zoning ordinance in order for the board to grant the permit legally. City Attorney Mansfield stated that in drawing up the present zoning ordinance, he had made provision for such changes, as it was thought better to include all the property possible in the restricted district. For he said, it was easy to change the zoning to include more territory in the business district, when the occasion arose, but to take property out of the business district and include it in the residential district, always leads to trouble. The matter was referred to the city attorney, who will investigate the situation and arrange any necessary changes in the ordinance.

Superintendent of parks, George Hopkins, reported on the condition of three triangular parks left at the intersection of the newly made streets in the Oak Knoll Manor districts. Hopkins outlined the manner in which he intended to arrange shrubbery in the parks and gave an estimate of $90 cost for plants for each of the three parks. The board expressed itself as well pleased with the plans and considered the mony well spent. Mr. Hopkins was told to go ahead with the work. Trustee McNulty suggested that it would be well for him to investigate the Lynch nursery at Menlo Park, which is now out of business and whose stock is being sold off.

The question of street lights in the Oak Knoll district had been referred to City Electrician Collins at a former meeting, and he now reported that the nine lights petitioned for by the residents of the district would cost $750 installed. The lights were, therefore, ordered installed on a motion of Trustee Monteith.

A number of dance permits were granted by the board for dates in January and early in February. Those to whom permits were granted were: The Redwood City Liberty Club for a dance in the Odd Fellows hall on January 26; The Old Timers Club for their regular Wednesday evening dances for the month; Metramora Tribe of Redmen; Indianola Council of the Degree of Pocahontas; and Redwood Parlor of the Native Sons.

Other matters which received the consideration of the board at the last meeting were the extention of time for completion of work on the Oak Knoll streets to A. Teichart & Sons, contractors; and an invitation from the Planning Commission of the City of Los Angeles for a committee from Redwood City to be present at the convention of the City Planning Commissions to be held in the southern city in the near future. A petition from the Pratt Lowe Preserving Company to have a portion of the street which runs in their land closed, was referred to the city attorney.

AUTOMOBILE REGISTRATION TO START ON MONDAY

Greatly increased clerical forces in the offices of the State Motor Vehicle Department will begin next Monday the tremendous task of issuing renewal registrations to over one million motor vehicles. During a period of six weeks, between January 14 and March 1, inclusive, the Division of Motor Vehicles must handle over its counters or through the mail over one million applications for 1924 registration, check up on the correctness of over a million records, and issue a like number of sets of the new green license plates and certificates of ownership and registration.

Due to the penalty of 100 per cent which will be added to the $3.00 flat registration fee after March 1, it is expected that practically every automobile in use in California will be registered during the next six weeks. This is an undertaking that will probably tax to the limit the capacity of the Division of Motor Vehicles, if any large percentage of automobile owners wait until the last minute rush to secure their 1924 plates and certificates.

NEWS OF MENLO PARK

Timothy Hopkins, trustee of Stanford University and for many years treasurer of the Southern Pacific Railroad, has given to the University a collection of manuscripts which will materially increase the historical value of the special collection in the Stanford Library dealing with railroads.

This most recent gift consists laregly of correspondence between Mr. Hopkins' father, Mark Hopkins, Leland Stanford, and Collis P. Huntington during the late sixties and early seventies. These letters from Stanford to Huntington to Hopkins and other material in the collection will be of great use to students of the early development of railroads in this state.

Standford has in the Hopkins railway library one of the two or three best collections dealing with railroads in this country. It was established in 1892 by Mr. Hopkins, who presented to the University his private library on railroads, consisting of about 2,000 books. For many years he provided the money for maintenance and upbuilding of this collection.

At the present time the Hopkins railway library numbers approximately 10,000 volumes and pamphlets dealing with the economic, engineering, and historical phases of railway transportation. Many of the items in the collection, especially reports of railroads in the United States and Europe, and some state and government reports, are no longer available.

Miss Inez Macondray, the daughter of Mrs. Atherton Macondray, will spend part of the year abroad She will leave for New York the latter part of February and will sail March 1 for Europe, to spend the spring and early summer in continental travel. Miss Macondray's brother-in-law and sister, Mr. and Mrs. Herman Phleger, are in New York, and during their absence Mrs. Macondray and Miss Macondray have been staying at the Phleger apartments in Scott street.

The Menlo Park branch of the Sequoia Night School re-opened for the spring term on Monday evening of this week under the leadership of Miss Julian Wolters, as principal.

A class in English for foreigners is meeting each Monday and Wednesday evening, while a class in arithmetic meets Tuesday and Thursday evenings. The sessions are held in the Menlo Park grammar school building and attendance has been increasing steadily since the opening last fall.

Mr. and Mrs. J. L. Sargent of Menlo Park have been enjoying a visit from their son-in-law and daughter, Mr. and Mrs. G. E. Hoffman of Santa Barbara. The Hoffmans motored up with their little son, Leland, and returned home Wednesday.

Mrs. A. Hill, a lace buyer for the Emporium, left on Wednesday last for a trip to New York on business for her firm. Mrs. Hill maintains a pretty home on Roble avenue.

Mrs. Anderson, wife of Professor Anderson, is quite low at her home here. Owing to her infirmities very little hope is held out to her relatives for ultimate recovery.

On Saturday next Mrs. C. L. Kurtz will open a woman's exchange at her home on Santa Cruz avenue, where choice home-made bread, cakes, salads and all kinds of cooked food will be sold. This will be just the place to secure your cake for the Sunday meal. The bread and rolls will attract the attention of all epicures for they are to be delicious. The angel cake made by Mrs. Kurtz has no equal. Get ready for next Saturday. The exchange will do a humming business.

The season for taking and killing cotton-tail and brush rabbits, ducks, geese, jack snipe, mudhens, valley and mountain quail, closes next Monday at midnight. Owing to the dearth of rains there was not a large flight of ducks from the north so that hunters were somewhat disappointed. Few large bags were taken and these were secured at the baited ponds in the preserves. Quail are becoming scarcer every year on account of the vanishing of the unride. Miss Clark's horse, it is believed, became frightened and started to run. In attempting to turn from the dirt road to the paved county road, the animal slipped on the smooth surface and fell, throwing Miss Clark to the pavement on her head. She was taken to the hospital, but never regained consciousness.

Last Saturday afternoon Miss Mary Clark, aged 24, and a pretty Stanford graduate met with a distressing accident, which resulted in her death. She was riding a horse that fell, she being thrown to the pavement suffering a basal fracture of the skull. The young lady was rushed to the Palo Alto hospital, but she passed away soon after arriving there. The remains were sent to her home in Uplands, accompanied by her brother, E. B. Clark. Jr., of San Francisco. Miss Clark was taking a post graduate course at Stanford. She was an expert horse woman and had ridden the same mount for months.

Mrs. John D. Spreckels, who passed away at her home in San Diego last Wednesday, was well known in Menlo Park, where she often visited her daughter, Mrs. Alexander Hamilton. Mrs. Spreckels was a lovable woman, widely known for her charitable work and deeds of kindness. Before she became ill Mrs. Spreckels devoted considerable time to welfare work. Her death is a loss to hundereds who knew her benefactions.

Mrs. Sigmund Stern of Atherton has been re-appointed by Mayor Rolph a member of the Playground Commission of San Francisco. For many years Mrs. Stern has been an ardent welfare worker and has done much for the San Francisco playgrounds. She also has been interested in the base hospital here doing a great deal to alleviate the sufferings of the disabled soldiers there. The appointment is a good one, and Mr. Rolph is to be congratulated upon the excellent selection.

The Southern Pacific Railroad Company has issued a new schedule of round-trip fares for week-end trips, making radical reductions. This is done to draw trade from the busses and is ouly experimental. If the schedule is a success it will be developed and further reductions will be made, but on the contrary if it does not develop trade it is to be discontinued after the first of April. The following are rates:

Sunday tickets—Fare and one-tenth.

Saturday to Monday—Fare and one-third.

Friday to Tuesday—Fare and one-half, adding enough in each case to make round-trip fare end in "naught" or "five."

Minimum round-trip fare 50c.

Between all stations on Coast line (San Francisco to San Luis Obispo) where the one-way far is $5 or less.

RUNNYMEDE ITEMS OF LOCAL INTEREST

A. O. Anderson of Weeks street who, motored to Phoenix, Arizona, the week before Christmas, returned Tuesday, bringing a bride. He was married on Christmas day in Phoenix to Mrs. Mary Dawson. Mr. and Mrs. Anderson made the trip in three days.

A discussion of the tax reduction plan of Secretary Mellon led to an expression of favor of it by a majority attending the Ravenswood Chamber of Commerce meeting held in the school auditorium Monday evening.

A. E. Chandler, former preident of the California Water Commission and Prof. J. H. Butler, formerly of the University of California, were also speakers, and S. W. Hull, A. Grover, Wm. Gurr, R. Fellows and J. P. Neifing were admitted to membership.

Mr. and Mrs. Joerlatz, Miss Anne Hines and Ed L. Higgins of Oakland and Mr. and Mrs. Wind of Daly City were guests at the Joe Matheson home on East Cherry street Sunday.

Mr. and Mrs. Norman Holden were guests at the Frank Crowther home Sunday. Mr. and Mrs. Holden were married just before Christmas, and their wedding was a surprise to the Runnymede friends of the former. The bride was formerly Miss Lucy Waugh of San Francisco.

Frank Kussmaul of San Francisco a son of Mrs. George Zender of University avenue, is enjoying a few weeks' visit at the Zender home.

E. A. Mann, who went to Atascadero to be with his family for the holidays returned to Runnymede last week.

Orrin Collins passed the last week at the Brown ranch at La Honda.

Floyd and Harvey Baker, the latter's wife and P. Stiles of San Francisco, were guests at the home of Mr. and Mrs. Fred Klein Sunday.

Mr. and Mrs. S. W Hull were dinner guets at the Charles Wiley home in Redwood City Friday evening.

Mr. and Mrs. H. J. Schneidewind Mr. and Mrs. F. C Nickerson and Mrs. S W Hull were San Srancisco visitors Tuesday

Mrs. Elmer Shepherd, who had been very ill with pneumonia, died in the Palo Alto hospital. Monday night, and funeral services were held Wednesday afternoon from Roller and Hapgood's chapel. The three children, Frances, Everett, and Virnon will make their home with their grandparents in Turlock. Mr. Shepherd took them down Thursday. Mr. and Mrs. T. B. Hilkie, their sons, Edison and George, and the latter's wife, all of Turlock, who were here for the funeral, returned to Turlock Thursday, where they are in business.

The Misses Carol Davis and Carol Hyde who passed the holiday season in Chicago attending a student volunteer convention, returned home Sunday.

Mrs. A. Harron and children are spending a few days in San Francisco.

Mrs. A. McElhattan of Oakland, who visited her Runnymede relatives the first of the week, has returned home.

Mr. and Mrs. J. B. Maynard, A. Howe and Mrs. J. B. Moody were dinner guest at the Wilkin's home Wednesday evening

Elmer Bartlett was an Oakland visitor Wednesday.

Mrs G. Findlay of East Cherry street is passing a few days in the Bay cities this week.

Mr. and Mrs. J. J. Egli of Redwood City have moved into their new home recently completed in Runnymede Park.

Douglas Walker has built a garage on his place on East Cherry street

Harry Oleson has returned from his vacation trip to Colorado. His cousin. Albert Oleson of Gypsum, Colorado, returned with him, and will pass the remainder of the month with his uncle, M. P. Oleson.

Mr. and Mrs. F. C Nickerson and George Zendner were Saratoga visitors Friday evening visiting the Odd Fellows home

Benjamin Browers, who was a guest at the H. Schilder home over the holiday season, has returned to the northern part of the state.

Mr. and Mrs. W. A. Romes and children motored to Los Gatos Sunday to visit with Mr. Romes' relatives.

Mrs. Ernest Brast of San Francisco was calling on old friends Wednesday.

Lester Harper returned to Berkeley yesterday to resume his studies at the University of California.

Ralph Follett will leave today for Berkeley, after being home for the holiday season.

Ralph Crowther of Oakland was a visitor at the Frank Crowther home Wednesday.

Mrs. H. Barcilles was hostess to her sewing club at her home on Clark avenue Thursday.

Mr. and Mrs. Alfred Gravestock were San Francisco visitors Thursday

---

PAPERS ON APPEAL IN DETECTIVE CONVICTION FILED IN THIS CITY

The papers in the case of A. J. Kane, San Francisco detective recently found guilty in South San Francisco by Justice of the Peace Ray Griffin on a charge of disturbing the peace and fined $25 were filed Tuesday in the office of County Clerk Elizabeth M. Kneese. Kane's attorney having served notice of appeal from the decision.

Kane was employed by South San Francisco trustees to "clean up" certain alleged bootlegging joints, and during the course of raids was arrested by city police officers.

NOTICE ASKING FOR BIDS OF RATE OF INTEREST ON COUNTY DEPOSITS.

County Treasurer's Office, County of San Mateo, State of California

NOTICE IS HEREBY GIVEN in conformity with Chapter 17 (page 25), Statutes of 1923, that the County Treasurer of San Mateo County, California, now has puble moneys in his custody in the sum of 500,000.00 Dollars for deposit in State or National bank or banks. Said moneys will be deposited in conformity with said Statute in such banks offering the highest rate of interest to be paid on said deposits.

To that end, sealed bids will be received by said County Treasurer up to ten (10) o'clock A. M. on the 21st day of January, 1924. Bidders must state the amount of money they agree to take on deposit and the amount of interest, (not less than two per cent (2%) per annum), they agree to pay for such deposits. Not more than twenty per cent (20%) of said funds will be deposited in any one bank. Any and all bids may be rejected.

Said deposits will be made subject to all the conditions and provisons of Chapter 17 of Statutes of 1923, as approved April 12, 1923, (which are hereby specifically referred to and included herein.) The deposits will be made with the highest bidder within ten (10) days after the opening of said bids. The bidder must execute all necessary papers and shall comply with all the provisions of said statute.

P. P. CHMBERLAIN,
County Treasurer, County of San Mateo. State of California.
First publication in Times-Gazette, January 12, 1924.

LITTLETON OPENS FIGHT AGAINST FRAUD CHARGES

Frederick N. Littleton, former naturalization examiner for San Mateo county, opened his second battle against fraud charges this week by filing a writ of certiorari in the district court in San Francisco in which he seeks a review of the recent proceedings in which Commissioner Albert M. Hardie of Oakland held him to answer for trial in Nevada cases.

Litleton, following a lengthy trial on charges of fraud committed in California, was acquitted by a jury in the court of Federal Judge John S. Partridge recently.
